SATYAM SINGH CHAUHAN
Frontend developer

Experienced Frontend-focused Full Stack Developer with *7+ years* of professional experience, including *3+ years* specializing in React.js, React Native, and Next.js. Skilled in building responsive, high-performance UIs with Tailwind CSS, Material UI, JavaScript, and TypeScript, integrated with Firebase and serverless architectures. Passionate about UI/UX design, component-driven architecture, and scalable frontend systems with a focus on accessibility and usability. Adept at cross-team collaboration, delivering production-ready features that drive user engagement and business value.

WORK EXPERIENCE

Codeblock Technologies Pvt Ltd ,NOIDA, IN

Senior Software Engineer **2022 - PRESENT**

- Developed scalable, reusable applications and internal tools using object-oriented principles, enhancing code abstraction, stability, and maintainability across projects.
- Collaborated with UX/UI teams to design and implement intuitive user interfaces, integrating dynamic feature sets that elevated user satisfaction and engagement.
- Built and optimized cross-platform applications using React, Ionic, Capacitor, React Native, and Next.js, streamlining codebases for consistent web and mobile experiences.
- Engineered responsive, conditionally-rendered UI components with modern JS frameworks and CSS libraries, ensuring seamless performance across devices and browsers.
- Integrated RESTful APIs and Firebase services for real-time data sync, authentication, cloud storage, and push notifications via Firebase Cloud Messaging (FCM).
- Coordinated deployment pipelines and system installations across development and production environments, ensuring smooth CI/CD workflows and release cycles.

Genpact Limited **2018-2021**

Senior Process Associate

- Consistently met critical month-end reporting deadlines, ensuring operational accuracy and supporting finance-driven decision-making.
- Identified workflow inefficiencies and implemented process improvements, reducing bottlenecks and enhancing overall team productivity.
- Conducted onboarding and process training for new hires, delivering comprehensive backend system overviews and workflow standardization.
- Collaborated with cross-functional teams to align backend operations with frontend requirements, streamlining claim processing accuracy and turnaround times.

AWARDS

Employee of the Month (6x) – Genpact
Recognized six times for outstanding performance, consistent delivery of high-quality work, and driving process efficiency.

Employee of the Month (2x) & Kudos Awards – Codeblock Technologies
Awarded twice for exceptional contribution to project success, timely deliverables, and technical excellence in frontend development.
Received for exemplary collaboration, proactive problem-solving, and adding significant business value through innovation and team support.
